

UNIVERSITY OF MINNESOTA

William I. Fine

Theoretical Physics Institute

4th annual
THE IRVING AND EDYTHE
MISEL *family*
LECTURE

SPEAKER:
HELEN QUINN
STANFORD UNIVERSITY, SLAC

Public Lecture
Wandering planets, falling apples, curving spaces,
whirling stars: How unraveling the mysteries of
gravity has taught us about the universe

October 6, 2009 7:00 p.m.
Memorial Hall, McNamara Alumni Center

Physics and Astronomy Colloquium
The Mystery of the Missing Antimatter

October 7, 2009
